Discussion

Thursday

Sophie Bartlett:

Job profiles

Simon Hodgkin:

- How do we communicate better about past and ongoing follow-up?

- How do we share follow-up data (e.g. for reprocessing) [c.f. Calibration Server]

- How can we reduce delays in triggering follow-up (e.g. via VOEVENT + RTML)?

- Can we simplify/enhance follow-up (e.g. by addition of calibration stars to web pages).

- What do you want to see on the publisher pages ?

- What are plans for publication?
