ABSTRACT

Text of the Abstract. Paper must start with a brief abstract stating clearly the principal conclusion of the work.

Key words: *key words from the common list of the major astronomical and astrophysical journals*

1. Title of the Section

Papers, except for short notes and *Letters*, should be divided into Chapters numbered by Arabic numerals.

1.1. Title of the Subsection

Chapters may be divided into Paragraphs denoted by the number of the Chapter and the number of the Paragraph; *e.g.,* the third Paragraph of the second Chapter is denoted by 2.3. Each Chapter and each Paragraph should have a short descriptive title.

Table 1

Title of the Table

column 1	column 2	column 3	or	column 1	column 2	column 3
1	2	3	or	1	2	3

All tables should be set in TEX/LATEX. Each table should be numbered sequentially with Arabic numerals and be supplemented by a short title describing its content.

All figures should be submitted in computer form. We only accept PostScript files from any graphic package. Names of submitted PostScript files should be in the form: *fig1.ps, fig2.ps, ...* or *fig1.eps, fig2.eps, ...*
When a figure is composed of a few parts it must not exceed one page and each part should be legibly described by letter. Please notice that the descriptions in the figures should be readable after twofold reduction of their size.
All the figures should be numbered consecutively in Arabic numerals and referred to in the text as *e.g.,* Fig. 2 or Figs. 2–5. Every figure should have a legend explaining all the symbols used in the figure and stating concisely the points the Author wishes the reader to notice.
